The Miljoenenlijn route is a feast for train enthusiasts. You will see the station and the heritage park of De Miljoenenlijn: the historic railway through the hills and valleys of South Limburg, where an authentic steam train still regularly chugs over. You will also explore the rural area south of Simpelveld, with its rolling farmlands and dense swaths of forest. You start this walking route at the Natuurtransferium Simpelveld or the bus station in Simpelveld (Oranjeplein), where you can also park for free. You follow the yellow posts. Once back in Simpelveld, it is only a short distance to the cozy center, where you can enjoy a cup of coffee.
