Welcome to Zuid-Limburg

Zuid-Limburg is the southernmost and sunniest region of The Netherlands! Zuid-Limburg borders on Germany in the east and on Belgium in the south and west. As the centre of this border triangle, Germany – The Netherlands – Belgium, Zuid-Limburg boasts a boundless diversity in a small area.

Its many attractive destinations and sights, make Zuid-Limburg a popular tourism destination. There is something there to suit every traveller, whether young or old, interested in sports or recreational activities. We invite you to relax and unwind, get active and to explore! Just as you like it best.

In Your travel guide you will find all the inspiration and information that helps you make the most of your visit. Have fun!
Different from the rest of The Netherlands

To the south, Zuid-Limburg borders on the foothills of the Ardennes (Belgium), High Fens (Belgium), and Eifel (Germany). This gives the region its character, which is not typical for the Netherlands at all; Zuid-Limburg's wide and gently rolling hills are in strong contrast with the otherwise thoroughly flat Dutch landscape!

Hiking and cycling region

The Zuid-Limburg region is a true paradise for hikers and cyclists. The hilly landscape features old sunken lanes, open plateaus and idyllic woodlands. Along the way, picturesque villages and authentic towns alternate. Our natural environment offers a variety of possibilities for cycling, mountain biking, running and horse riding.
Highest and narrowest part and border triangle!

The Vaalserberg, with its 322.5 metres the highest point of The Netherlands, is located on a border triangle, named the Drielandenpunt. The borders of Germany, Belgium and The Netherlands meet here. Additionally, here you can also find the narrowest part of The Netherlands, Echt-Susteren, which borders to the westernmost point of Germany, the Westzipfelpunkt.

A region full of attractions

Zuid-Limburg is home to many top international attractions such as SnowWorld, GaiaZOO, Mondo Verde, Columbus Earth Theater and much more. There is so much to experience! Take a discovery tour to the historical and modern sights in beautiful Zuid-Limburg.

Breweries and vineyards

Zuid-Limburg has a great beer and wine culture. It’s not without reason that you can find a number of large and small, high-quality breweries here. They will be happy to show you the craft of beer brewing. The often-traditional settings make a visit to the Zuid-Limburg breweries extraordinary. Thanks to the excellent marl soil and the good summers in recent years, wine-growing is well possible in Zuid-Limburg. Visit one of the many vineyards and taste it for yourself!
Marl & Caves

The marlstone quarrying in Zuid-Limburg resulted in a 250 kilometres long network of subterranean corridors. In this unique environment you now can enjoy cave biking, laser gaming and even culinary delights. When visiting in winter, do not miss out on the enchanting, world famous Christmas markets, that take place in the underground caves.

Relax and unwind

Zuid-Limburg is the best place to relax and unwind. Its natural beauty, many facilities and friendly inhabitants with a genuine interest in others, make this the ideal place to slow down. That certainly does not mean sitting still and doing nothing. It means consciously indulging and allowing yourself peace and quiet, living a mindful life.
Due to its long, rich and above all eventful history, we also call our region ‘the Source of Europe’. For thousands of years Zuid-Limburg and its surroundings have been the source and core of this continent’s history.

Prehistoric farmers and band-ceramists settled down in this area some 7,000 years ago, heralding Zuid-Limburg’s rich history. Due to its rich, long and above all eventful history, we also refer to our region as ‘Source of Europe’. After all, Zuid-Limburg and its surroundings have been the source and core of this continent’s history. Discover it for yourself and make an exciting journey through time to the first farmers, Romans, knights and miners through our unique Virtual Reality film (in Dutch) at the Visit Zuid-Limburg Experience in Valkenburg.

Experience history up close and watch the unique virtual reality film at the Visit Zuid-Limburg Experience.

Vlaai
Sweet tooths will love the region's specialty, the vlaai. Traditionally, this flan is made of a fresh yeast dough, filled with locally grown fruit, and baked in a wood-burned oven.

Schutterij
The schutterij (literally marksmen's guild) originates from the 14th century. In the Middle Ages its members acted as voluntary guards, protecting the church and the city. Nowadays they are a unique part of Limburg's cultural heritage and traces of its religious origins are still evident. Historical costumes, parades and drum bands you can see at 'The Oud Limburgs Schuttersfeest' where 160 'schutterijen' come together.

Processions
Ancient traditions come to life every year during religious processions. You can easily recognise the route of the processions, as the streets are marked by white-yellow flags and decorated with beautiful flower arrangements.

The Maypole
Before the start of the summer, an old ritual of pulling in and 'planting' a maypole is carried out to bestow fertility on the cattle and the fields. In many villages a tall, bare pine is being erected on the village square and decorated with the traditional wreath.
Culture and Events

Zuid-Limburg’s versatility is also reflected by the large number of cultural offerings. There are events that occur every year, transforming Zuid-Limburg into a world full of music, theatre, song and dance.
