The picturesque town of Wijlre may be less known than neighboring Gulpen, Vaals or Valkenburg, but the peaceful surroundings are definitely worth a visit. On this walking route you will get to know the area north of Wijlre, towards the hidden gems Fromberg and Elkenrade. In addition to the beautiful views of the rolling hills, you will also find Art and Collection House Wijlre and the Brand Bierbrouwerij is also a stone's throw away. A delicious ice cream from the Bij Pauls ice cream farm really completes this walking route. Park your car in Wijlre, where you can also drink a nice cup of coffee, and follow the green posts.
