Do you like the phenomenal landscape and special buildings of Valkenburg, not the sometimes busy and lively streets? Come to Sibbe! This village is located just south of Valkenburg and has the same friendly, lively atmosphere, but less crowded terraces and shops. Also on this walking route you get to see the high and low and the hills covered with grassy meadows that you associate with beautiful Valkenburg. You will also pass the Pluk het Zelf flower and fruit garden, where you can compose a fragrant bouquet yourself. You can park at the church in Sibbe and experience a spectacular dining experience in the cave restaurant Daelhemer Groet.
