Welcome to beautiful Zuid-Limburg and in particular to the municipality of Maastricht. Circular Route Maastricht is a wonderful cross-bordering cycle route, which takes you from the city centre of Maastricht right into the greenery of the RivierPark Maasvallei.
You will first follow the Dutch green cycle route markers and then enter Belgium, where they use blue cycle route markers. Maastricht's city centre is definitely worth seeing. The vibrant Vrijthof square, the Bonnefanten Museum and the historical market square, are only a few examples of the sights you can discover here. Also, cycling along the river Maas (Meuse), is far from boring.
