The MTB-route Susteren starts in Echt, at the countryside car park (Natuurtransferium). From there, it takes you over the Juliana Canal quay, through the green rural surroundings of Echt and Nieuwstadt. On the way, in Susteren, you will come across Museum 't Stift, featuring a treasury and a visitor centre. This mountain bike route has a few challenging, unpaved single tracks, but mostly consists of smooth asphalt roads, which makes this route also suitable for children and novice mountain bikers. If you are looking for more of a challenge, you can combine this route with the adjacent loop of Echt, resulting in a route of no less than 75 km, altogether.
