The walking route TH02 is located just outside the borders of South Limburg. However, the area is so close and interesting that the route is included in the South Limburg walking range. Attractive hiking trails lead you through a varied mosaic of landscapes where peat, heathland, forests and lakes form special habitats for all kinds of different plants and animals. And all that just a stone's throw from the border. Please note, it is not a circular walk. This route can be followed via the posts with the white bands. Parking is available at the Grotenrath 52511 Geilenkirchen car park or the Teverenerheide Hohenbusch 38 car park, 52538 Gangelt, Germany.
