Bloesemroute 3

Walking route

→ **14.2 km**

Start- and endpoint

Dominikanenstraat, Gronsveld

Level of difficulty

Moeilijk

The fairytale-like area between the villages of Rijckholt and Mesch lies close to the Belgian border.

This environment has all the elements to make this walking route a true idyll: the medieval Rijckholt castle, the centuries-old Saint Pancratius Church and the mysterious Savelsbos with its tall trees and its cave.

As if that weren't enough, every spring this area turns into a white and pale pink sea of standard tree blossoms as far as the eye can see. Start in Gronsveld, where you'll find plenty of parking, follow the black posts with an aluminum band and enjoy a well-deserved walking break in Rijckholt at eatery Riekelt.
