

Teverenerheide 1 TH01

Brunssum

 **Walking route**
→ **10.9 km**

Start- and endpoint

Parkeerplaats Grotenrath,
52511 Geilenkirchen, Germany

Level of difficulty

Makkelijk

All kinds of special plant and animal species have found their place in the protected nature reserve of the Teverenerheide.

Although the area lies just outside the borders of South Limburg, this walking route has been included in the South Limburg walking offer due to its splendor. You make your way through the open moorland on neat paths.

The Teverenerheide is characterized by variation between vegetation and landscapes: moist or dry, dense forest or open field. Man and landscape are linked here through a long history of cultivation and natural vegetation.

This route can be followed via the yellow posts. You can park at the Grotenrath parking lot.
