Start- and endpoint

Parkeerplaats Onder de brug,
Steenstraat in Kanne, België

Level of difficulty

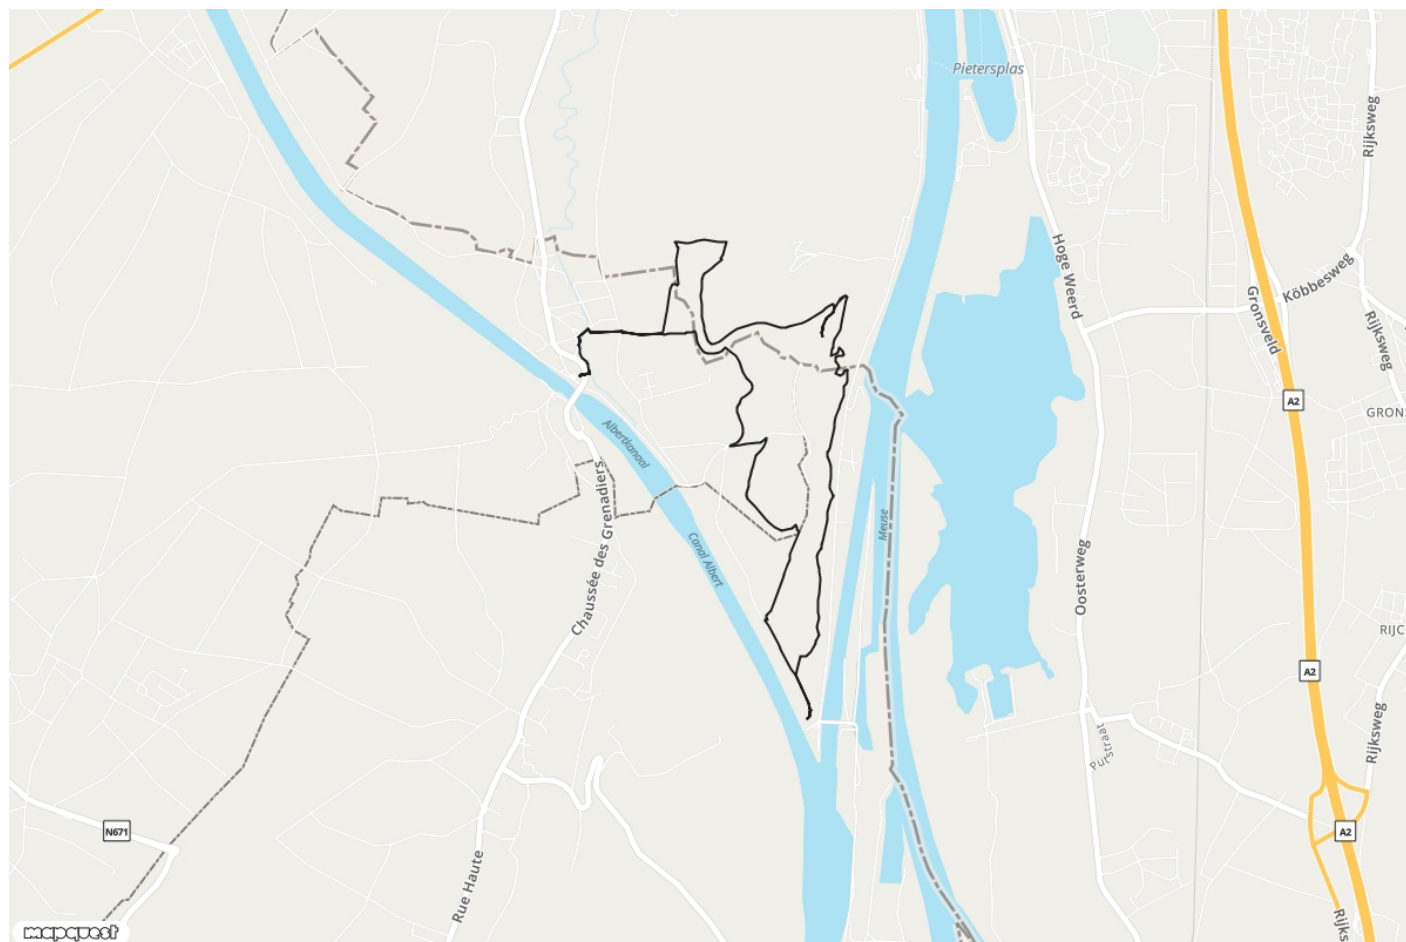

Heel moeilijk

This route is part of the 7 Summits, the seven steepest mountain peaks in South Limburg. It concerns a circular walk of 8.5 km with a maximum height of 157 meters.

The westernmost peak, like the easternmost peak of the Seven Summits, is not a natural mountain, but a slag heap. The Wilhelminaberg near Landgraaf, a remnant of the coal mining, is black, d'n Observant near Maastricht is white, because a residue from the marl extraction.

On the one side the Maas and on the other the Albert Canal, on the border of Belgium and the Netherlands, d'n Observant offers a surprising view in every direction.
