Gulp-route Sló Gulpen-Wittem

Walking route

--> 4.6 km

Start- and endpoint

Dorpsstraat 3, 6277 NC Slenaken

Level of difficulty

Gemiddeld

On the scenic Gulp route you get to see both banks of the Gulp. This stream is a branch of the more famous Geul and, like its big brother, it winds through the worn, cool valleys of the South Limburg hills. If you start in Slenaken, you can park well and drink coffee at 'De Boswachter' (Heijenratherweg 2 in Slenaken). From there, follow the black posts in the direction of Waterop. On the way, pay particular attention to the historic Broekmolen.
