Netherlands

Level of difficulty

Moeilijk

In the hills between Schin op Geul and Margraten lies the breathtaking Gerendal. This valley is the highlight of the already beautiful hiking route Mg7 from Margraten.

In the Gerendal you will marvel at the unparalleled hillside forests, standard orchards and vast meadows, where the herds of Marlland landscapes graze peacefully.

And then we haven't even mentioned the enchanting orchid garden, with flowers of all colors everywhere you look. You can reach this formidable area from Margraten by following the yellow posts.
