What makes Limburg so much fun? Is it the ancient castles, the authentic half-timbered houses and the churches and chapels that still breathe the Catholic culture? Is it the lush hillside forests, the rolling grasslands and the streams that ripple through the valleys? Is it the specialty beers, the Burgundian dishes and the friendly people? You will encounter them all on this walking route in the beautiful surroundings of Schinnen, so that you can judge for yourself what makes your South Limburg experience so unforgettable. You start the Panorama Route at Terborgh Castle, where they also have an excellent guest house, and follow the orange (ring) posts.
