Gulpen is a typical hill town in South Limburg, with a great view of the Gulperberg, which you get to know well during this walking route. In this village you will find the Neubourgermolen and the Gulpener Bierbrouwerij, and athletes will also get their money's worth here with the Mosaqua swimming paradise and the Lowa test center. The route along the yellow posts leads you to pension stable De Verloren Kost: a paradise for horse lovers where you can enjoy a delicious slice of Limburgse vlaai between the horses halfway through the route.
