Walking route

→ 3.6 km

Start- and endpoint

Heidestraat 20, 6443 VZ
Brunssum, Netherlands

Level of difficulty

Heel makkelijk

The Schutterspark in Brunssum used to be the site of the militiamen: reserve soldiers who bravely came to Brunssum's aid in times of need. Today it is a varied park and meeting point with lots to see and do for the whole family.

On this walking route you will find the old pump buildings from the mining past, which now serve as a party location. You can drink coffee in the friendly atmosphere of brasserie Schutterhüske and let the grass tickle between your toes in the Barefoot Park.

Parking is possible at the Heidestraat. The Parelpark Schutterspark walking route is not signposted, but can easily be downloaded as a separate route description.
