Level of difficulty

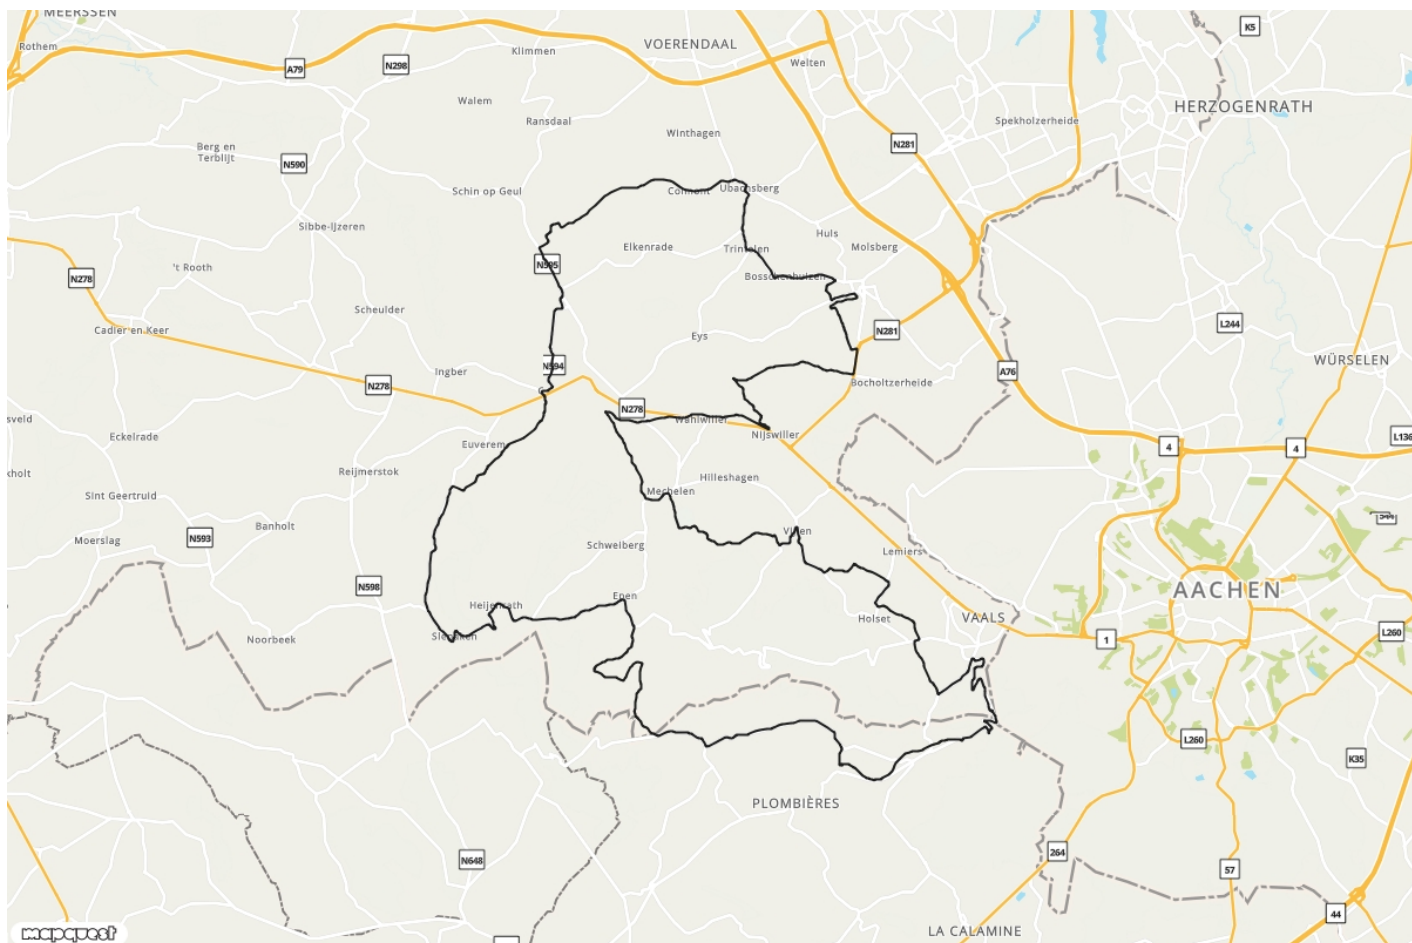

Moeilijk

The Land of Marl Cycle Route (Mergellandroute) meanders across Zuid-Limburg. The entire route covers over 155 kilometres, but you can also cycle a shorter stretch. This approximately 64 km long southern loop is perfect for a day trip. You then best opt for an e-bike, because you will have to climb and descend quite a bit on the way. Highlights along the way are the tri-point 'Drielandenpunt', Outdoor Karting Vaals, majestic castles and numerous half-timbered houses and, of course, the striking panoramic views of the rolling hills.
