

# Schutterspark Gele route BR1 Brunssum

 **Walking route**  
→ **1.7 km**

**Start- and endpoint**  
Heidestraat 20, 6443 VZ  
Brunssum, Netherlands

**Level of difficulty**  
Makkelijk

Unfortunately, not all routes in South Limburg are accessible for the disabled. Fortunately, this short walking route is the ideal solution! This (disabled) walk shows you the Schutterspark: a large wooded nature reserve with various recreational facilities. This way you can easily go out with children; there is much to experience. The park is located in the valley of the Roode Beek and on the wooded slope of a hill — nice of course! The black diamond-headed posts with a yellow band lead the way for this route. You can park at one of the attractions in the park.
