Mountain bike route

→ 25.9 km

Start- and endpoint

Terpoorteweg 3, 6285 NH
Epen, Netherlands

Picturesque Vijlen is one of the highest villages in The Netherlands. The slopes are steep and the difference in height and depth is large. Altogether, you will have to conquer 580 altitude metres, on the Vijlen MTB-route. In short, this is the challenging mountain bike route that real enthusiasts want to add to their record of achievements. Don't forget to enjoy the spectacular views from the hilltops, the breathtakingly beautiful paths between the lush trees of the Vijlen Forest (Vijlenerbos) and, of course, a delicious and well-deserved craft beer on the spacious terrace of forest café 't Hijgend Hert', afterwards.
