Would you like to cycle the Parkstadroute as a loop? You can! Thanks to the convenient return cycling route, you can cycle back to your starting point via the cycling junction network. This way, you complete your day out and enjoy the beautiful landscape twice over. The return cycling route is about 30 kilometres long and takes you via Ubachsberg, through the charming Voerendaal, the picturesque Wijnandsrade and via Spaubeek back to Schinnen. Or the other way around, of course. Along the way, the route treats you to rolling hills, wide views and hidden gems of South Limburg. The return cycling route can be followed via the well-known cycling junctions.
