The typical impression that people have of Zuid-Limburg is that it is full of beautiful, but tough climbs. If such climbs and descents are not your cup of tea though, it is worthwhile to deviate a bit towards Parkstad Limburg – Best Travel Destination in the World, according to the World Travel & Tourism Council. The hills on this route are surprisingly accessible and, on the way, you will enjoy charming villages, cafés with sun-kissed outdoor terraces, beautiful castles, churches and serene landscapes with magnificent views. This cycle route starts at one of the most beautiful locations in Parkstad: Terworm Castle, where you can also park your car.
