Bos & heideroute Parkstad Limburg

Cycle route
35.8 km

Start- and endpoint
Kamperheideweg 2, 6414 AL Heerlen, Netherlands

Level of difficulty
Makkelijk

The Green Route Parkstad Limburg is a cycle route through a wooded area, with a varied and magnificent natural scenery and spectacular views. Still, the name Green Route may not do justice to all you can see here. The Yaka Art sculpture gallery, Amstenrade Castle and the protected town- and villagescape of Treebeek, truly are hidden gems. And we haven't even mentioned the deep purple heather of the Brunssummerheide or the red berries of the wild honeysuckle in the forests near Schinveld.
