In the area south of the village of Mechelen you imagine yourself in a real South Limburg idyll. Rolling hills, wide fields, rustling groups of trees and the meandering Geul can all be found on the Mechelen Wi18 walking route. This route via the blue posts also takes you right past the historic Commandeursmolen. In hotel-restaurant De Oude Brouwerij you can enjoy your coffee on the romantic terrace. Parking is easy in the center of Mechelen.
