

Huls Si2 Simpelveld

Walking route

→→ **4.0 km**

Start- and endpoint

Sint Remigiusstraat 59, 6369
EL Simpelveld

Level of difficulty

Moeilijk

De Huls is a steep slope in the charming town of Simpelveld. This hill requires strong calf muscles to climb it, but once at the top, the sweeping views over the village are phenomenal. If you take a detour back to the village center, you will pass rolling green meadows, groups of beautiful trees and small farms. It is easy to park in the center of Simpelveld and you can get delicious coffee. You follow this walking route via the brown posts.
