Level of difficulty

Moeilijk

From the center of Valkenburg you walk in a northerly direction during this walking route, to the Emmaberg. You will be short of eyes, because in and around Valkenburg there is plenty to experience: attractions, terraces, shopping and real Limburg culture. You start at the historic station of Valkenburg and walk through the center, among other things. You also make a steep climb. Despite the fairly short length of this route (4.4 kilometers), it is of a tough level. Reward yourself especially in one of the catering establishments in Valkenburg aan de Geul, where you can also park. Follow the blue posts for this route.
