

Wielrenroute - Grensmaasvallei en Heuvelland

 **Race cycle route**
→ **89.0 km**

Start- and endpoint

Par'course, pr Beatrixsingel 2
te Valkenburg

Level of difficulty

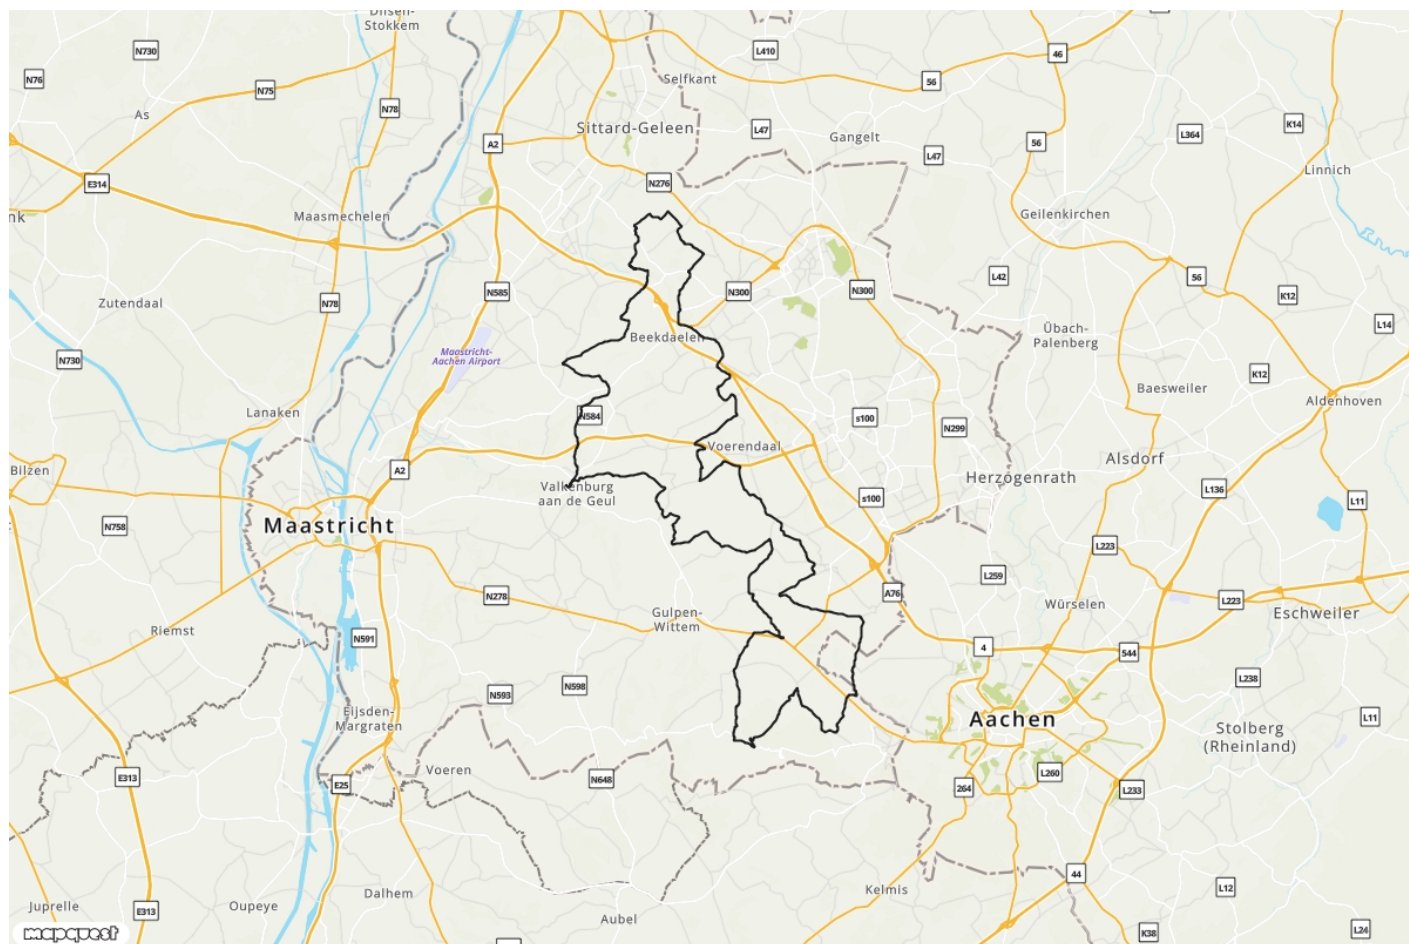

Moeilijk

This circular tour, designed by Limburg Cycling and Grimpeur is great to test your stamina as it is pepped up with a few real leg busters!

However, the first 35 kilometres are gentle for the calves, so there is plenty of time to warm up. But don't forget that, in this region, the run-up never is as flat as a pancake. The Stoepert and Slakweg are the introduction to this course. And then we still left out the uncategorised unnamed bumps ...

After the first few climbs in the Grensmaasvallei, the calves are starting to burn and you set course to the Heuvelland region. After a short German side-trip, via Orsbach, you get back to Zuid-Limburg territory.
