On the Kapelroute Walem you will get to know the rural area between Ransdaal and Schin op Geul.

This walking route via the blue posts guides you along the rolling fields on the sunny hills, over rural roads where you can still see the road crosses and the chapels that are so characteristic of this traditionally Catholic region. You also walk through the quiet area where the Scheumerbeek ripples.

You can park in Klimmen and Ransdaal and Schin op Geul are also easy to reach by train. In these picturesque villages it is also a pleasure to drink coffee.
