The short but fun Rondje Terhorst was created thanks to a collaboration between the municipality of Eijsden-Margraten, Natuurmonumenten and the Roer en Overmaas Water Board. After more and more old field roads disappeared in recent decades, these authorities intervened by connecting two country roads and thus creating this walking route. You can enjoy the peace, nature and unique views of the rolling hills near the hamlet of Terhorst, where you can also park easily. This route is not signposted, but it is easy to download as a special PDF.
