Walking route
4.9 km

Start- and endpoint
Parkeerplaats Wittemer Allee in Wittem

Level of difficulty
Gemiddeld

Wittem may be located in the lee of Gulpen, but should certainly not be inferior to the larger Gulpen in terms of sights. The robust Wittem Castle is a feast for the eyes, the water mill is a historic site and the Redemptorist Monastery is an almost overwhelming experience. If you follow the black posts, you will also see the Kunst- en Collectiehuis van Wijlre and the cozy center of Gulpen, where you can enjoy coffee with Limburg pie at brasserie De Kroon. You can also easily park in Wittem. This route is one of the 11 Camini's!
Are you ready for a walk to relax? Then this walking route offers something extra for you! This route is also one of the 11 camini's.
