You will find Wijnandsrade Castle and Terborgh Castle on your way, where you can enjoy delicious refreshments or a bite to eat in the outdoor café. The Geleen Brook Valley has a heterogeneous landscape. You will find wet woodlands with alders and marsh marigolds in the valley. On the steep slopes grow forests with huge beech trees, a perfect habitat for woodpeckers and bats. In between, you find wild flower meadows and traditional fruit orchards. Meandering through all this beautiful scenery is the babbling Geleen Brook (Geleenbeek).
