Green, undulating meadows, as far as you can see, with the occasional farm, a group of rustling trees or a hedge that emphasizes the shape of the landscape – these are the views you can expect from Epen.

On this walking route you will also cross the smaller, but equally beautiful Bommerig and you will see the geological treasure of camping De Rozenhof: a sandstone boulder weighing more than 14,000 kilos. You follow the route via the blue posts.

At De Smitse inn in the beautiful Geuldal you can enjoy a delicious bite to eat made from organic ingredients and you can easily park your car in Epen.
