The MTB-route Parkstad Landgraaf (Strijthagen) is a true playground for mountain bike fanatics. Starting at the Bike Park in Landgraaf, you are successively challenged by a half-pipe descent and technical trail features, such as: the roller coaster, skinny, skill area and rock garden. On top of that, you will ride impressive climbs and raging descents on the Wilhelminaberg – where the Dutch National Championships Mountain Bike 2017 took place. Did we already mention that this mountain bike route goes straight through the beautiful Strijthagen Brook Valley (Strijthagerbeekdal)? You can follow this route via the wooden poles with the yellow plates and the international MTB sign in red.
