The typical South Limburg town of Sint Geertruid is beautifully situated in the hills. If you follow the Sg2 walking route, via the black plastic posts, you will discover the beautiful green landscape, where the meadows alternate with shady groves and where the wood anemone and St. John's wort speckle the green grass. Let the fantastic views affect you and pay particular attention to the flint mine. Also cafes and terraces can be found in Sint Geertruid and you can park your car there with ease.
