In the large Vijlenerbos you will find the Elzettebos, through which this walking route takes you in about 4 kilometers. Along the way you will see the Star Stones, which hikers used to think were shooting stars. You also have beautiful views over the Geul valley. In nearby Camerig you will also find the nationally famous ice cream parlor Wingbergerhoeve. It is best to park at restaurant Buitenlust. The route can be followed via the red SBB posts.
