If you walk from Valkenburg to Walem, you will be amazed on the way. It all starts at the imposing East Castle, where you can also park. Less stately, but just as impressive because of the serene tranquility are the secluded Kluis on the Schaelsberg and the glittering Sint Jansbron. The blue posts also take you through the completely different area of the civilized world of Valkenburg, where it is teeming with cozy catering establishments.

Tip! Along the way you pass De Kluis on the Schaelsberg . Curious about the stories or take a look inside? View the 360-degree tour or listen to the audio tour . Both tours are also accessible by scanning the QR codes on the facade sign at De Kluis.
