Level of difficulty Gemiddeld If you walk in the Eys area, then wide fields, cool groves and the friendly babbling Eyserbeek are a certainty. On this walking route you walk via the red posts from Eys to Bulkemsbroek. On this fairytale road along the sparkling stream and dense strips of forest you will also pass Goedenrade Castle: a beautiful white plastered building in the chic Louis XVI style. At Bie de Tantes in Eys you can drink your coffee in a cosy, nostalgic living room or in the sun on the lovely terrace. You never have to look long for a parking spot in this cozy church village.
