Start- and endpoint

Reijmerstokkerdorpsstraat
104, 6274 NN Reijmerstok,
Netherlands

Level of difficulty

Gemiddeld

Half-timbered houses, sunken roads, road crosses and standard orchards form the backdrop for the typical South Limburg hiking route Mg2.

In this area, between Margraten and the hamlet of Reijmerstok, you will experience the hills at their best - especially in spring, when the fruit blossoms color the area.

Both in Margraten and in Reijmerstok you will find plenty of nice catering establishments to take a nice walking break. You follow this walking route via the blue posts and you can easily park your car in Margraten or Reijmerstok.
