

Wielrenroute - Cauberg - Voerstreek - Cauberg

 **Race cycle route**
→ **83.6 km**

Start- and endpoint

Landal Cauberg, Cauberg 29 te
Valkenburg

Level of difficulty

Moeilijk

This route, created by Limburg Cycling and Grimpeur, starts at a very special location: on top of the Cauberg! To be more specific: at Landal Kasteeldomein De Cauberg, the holiday park where it is all about cycling, and where the stars of the professional peloton like to stay. But this time you will leave the altitude metres of the Cauberg behind you, it's been enough of a challenge already!

You set course for Zuid-Limburg's border region, where undiscovered climbs await you, like the Mabrouck, Mur de Grises Pierres and Les Waides! You return to the Netherlands via Eijsden, and from there the route leads you across Zuid-Limburg's Heuvelland, for the last 15 kilometres.
