

Omlooppad Nuth

 **Walking route**
→ **14.5 km**

Start- and endpoint

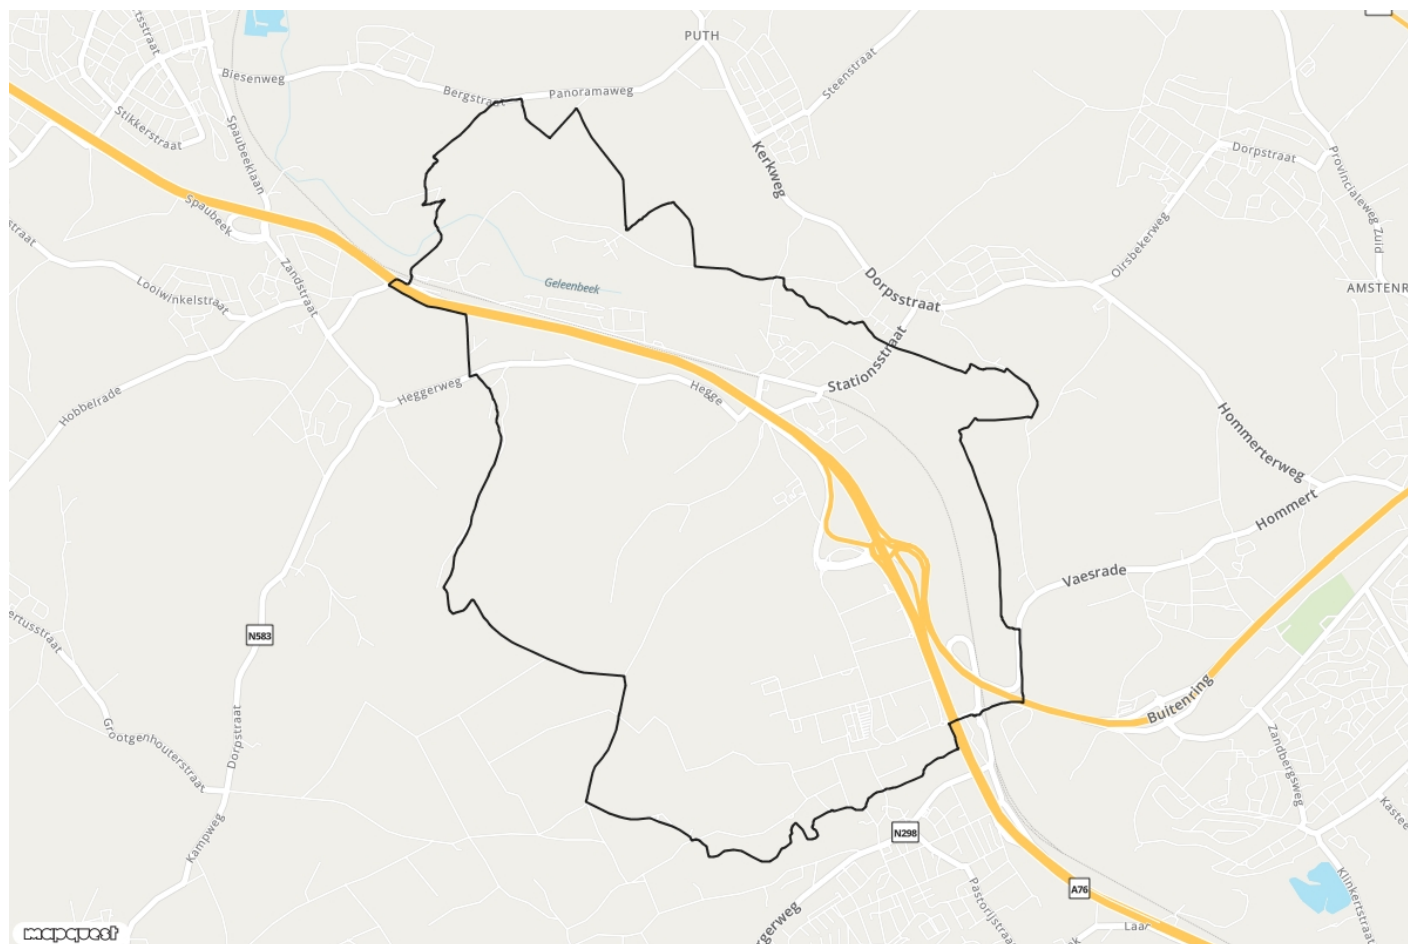

Grijzegrubben 61, 6361 GL
Nuth, Netherlands

Level of difficulty

Gemiddeld

In the vicinity of Nuth, Schinnen and Spaubeek there is plenty to do for both nature lovers and culture buffs. The Omlooppad follows the Geleenbeek with its special riverside flora, but also shows you the Alfa brewery and the famous Canisius syrup factory. You pass through the densely vegetated Stammenderbos, but also past the giant mine lamp and the mine rail posts that are still reminiscent of Limburg's rich mining past. You can enjoy a delicious ice cream along the way at the Ice Gate in the picturesque mountain village of Sweikhuizen. This route is not signposted, but easy to follow when you download the separate route description.
