West Bike Route

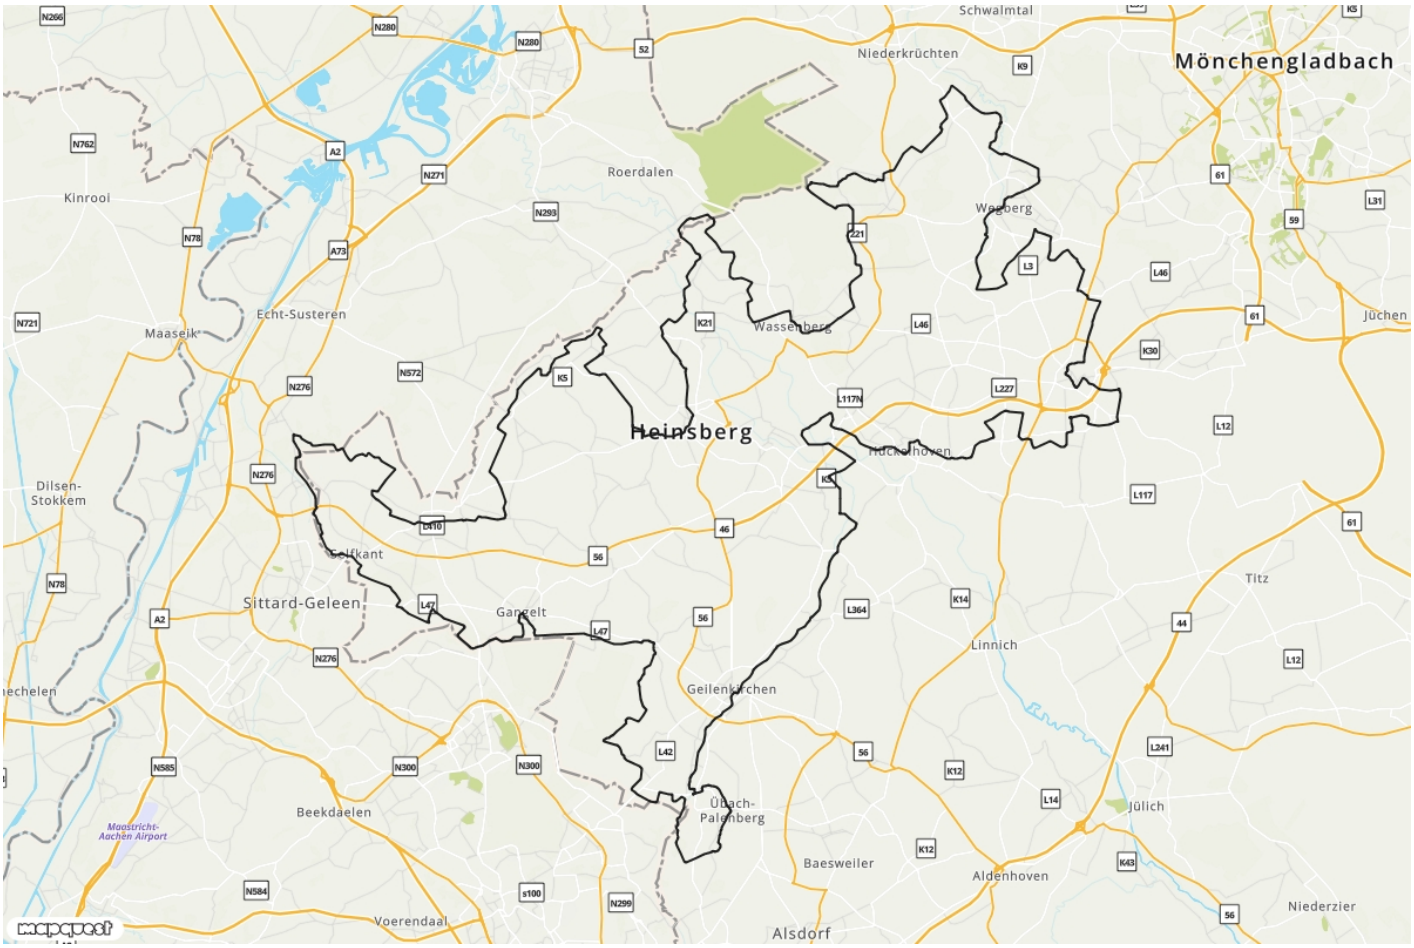

Cycle route
197.3 km

Start- and endpoint
Johannismarkt 10, 41812 ,
Nordrhein-Westfalen

Level of difficulty
Moeilijk

Enjoy cycling through a varied landscape and escape from everyday worries during the West Bike Route.
This circuit of approximately 200 km connects the centers of all ten cities and municipalities in Heinsberger Land. This route is particularly varied. You cycle through green meadows, golden fields and along the banks of the Roer, Wurm and Rodebach. There are plenty of rest areas and e-bike charging points along the shores of Lago Laprello and the Effelder Waldsee to relax at a cozy café or restaurant with regional products.
For those who can't get enough of it, 6 additional day trips have been set out or switch to the Beekdaelen route in South Limburg.
